The World is now gripped with Covid-19 pandemic. India and her little state of Tripura is also not spared of this virus attack. Apart from the pandemic, several natural calamities have affected our nation such crisis is unprecedented. But we have seen in the past that our mankind has been able to overcome devastating incidents. Our culture, literature and history are replete with instances of this fightback. We are facing this threat now. Time has come to think about our future, the roadmap of our education. Who else than the seer, poet and philosopher Rabindranath Tagore? In order to explore his thoughts on education and to assess his relevance in today’s educational field, the college has decided to conduct a national webinar on this concept.

Over Five hundred participants took part in this webinar and their active participation made it a huge success.
